

At Eliassen Group, our mission is to positively impact the lives of consultants, clients, employees and the communities in which we live and work. It is for this reason that we seek to provide you, the consultant, with the greatest levels of support, care and attention possible.

From Day One, you will have a dedicated resource who will be in regular communication with you assisting with all documentation, payroll and benefits. Your concerns and challenges are ours, too, which means that we will always endeavor to address and resolve these issues as expediently and efficiently as possible.

You are also an important part of the Eliassen Group consultant community and, as such, we host local appreciation events throughout the year so that we can connect with you in person and give you the opportunity to network with other consultants. From concert outings to happy hours, these are fun, lively events aimed at bringing our community of talented consultants together.

And just as we believe in celebrating your key professional milestones, we also think the personal ones are important, too. You'll hear from us on birthdays, holidays and "just because" we want to stay connected.

Last but certainly not least, we'll reward you with a referral check if you refer a consultant who we have not spoken with in the last 6 months and we put them to work. You will be eligible for a referral check of \$1,000 once your referred consultant completes 250 billable hours.
