

Finding a Senior Accounting Manager on a Tight Timeline

The Challenge

The client, a rapidly growing pre-IPO company, was expanding their accounting and finance teams due to growth and in preparation for the upcoming IPO.

The Solution

While searching for the right people, the client turned to Eliassen Group for help hiring individuals with experience working in the retail/ecommerce sector. To determine hiring needs across the accounting and finance organization, we worked closely with the CFO.

The Result

Eliassen Group identified VP of Finance, Head of Tax, and Senior Accounting Manager talent in client's market and working in the retail sector. We also hired the Senior Accounting Manager in 14 days.

The Client

Large Company in Powersports and Aftermarket Products

This large US consumer products company that provides packaging solutions for a range of customers was executing a multi-year transformation effort.
